The returns for July is not yet due

13/8

Land Rev & Stamps both exceed the Revised by about a lakh each — There is a very large deficiency under Forests and it is not clear how much of it is due to real falling revenue — Timber and Fuel — and how much is due to the value of Sandalwood supplied to Sandal oil factories pending adjustment in the final a/cs of the year.

The excess over the Revised under C.P.S is evidently due to the fact that the figures in the preliminary a/c of the year are calculated on 1s. 6d the rupee exchange as not 2s the rupee which is the basis of Calcul-tn in the Revised.
